

RODGATE, LLC

DBA Rodgate Group · Custodial · Grounds · Haul-Away · Facilities Support · Small Disadvantaged Business (SDB)
rodgate-llc.netlify.app

Core Competencies

- Recurring janitorial and custodial services for government and commercial facilities — space cleaning, restroom servicing, floor care (strip/wax/buff), carpet care, waste removal and haul-away.
- Facilities support services: interior maintenance coordination, turnover cleaning, minor repair coordination, grounds support.
- Contract management as a managing prime: on-site supervision, quality-control programs aligned to government QASP surveillance methods, scheduling, and reporting.

Differentiators

- **Managing-prime model:** Rodgate provides direct management, on-site representation, and quality control while delivering labor through vetted regional service crews — scalable coverage with single-point accountability.
- **QC that mirrors your QA:** written work-schedule agreements, sign-in discipline, and monthly self-inspection checklists built to align with the government's own surveillance checklists.
- **Hands-on principal:** the Managing Member directly oversees every contract; experienced in facilities and property maintenance, recurring cleaning operations, and work performed to housing-authority inspection standards.
- **Right-sized and responsive:** a small, agile firm built for bounded, clearly scoped requirements — quick mobilization, direct communication, no layers.

Past Performance

Rodgate, LLC is a Pennsylvania small business (established January 2026) actively building federal past performance. The principal has managed recurring cleaning, turnover, and maintenance operations across a multi-unit residential portfolio, including work performed to housing-authority (Section 8 / HAP) inspection standards. Recent federal market-research participation includes sources-sought responses to MICC West Point (Notice W911SD06102026, cleaning & haul-away BPA) and ACC–New Jersey (Notice W15QKN-26-Q-A144, custodial services, 99th Readiness Division). Commercial references available upon request.
